**MILEY STEWART AKA
HANNAH MONTANA**

MILEY CYRUS

Miley's dad, Robby Ray, is kinda cool. Her mom died so he is a single parent and also Hannah's career manager. He's proud of his kids and is always there to give them advice - and sometimes sing them a country song too. Aww!

Nicknamed 'Smokin' Oken', Oliver is good pals with Miley and Lilly - and has to suffer much teasing from the pair. He is very protective of his one chest hair!

Miley's older brother, Jackson, is such a goofball! He is silly, crazy and loves a good laugh. He doesn't have much luck with the ladies, but maybe that's because he tries too hard.

Miley's best bud, Lilly, is a down-to-earth Californian sk8er. Her alter ego when she goes out with Hannah is Lola Luftnagle and she always changes the color of her wig. Cool!

A rockin' pop star, Hannah has tons of fans. By day, she's Miley Stewart, but once she puts on her wig, there's no stopping this cool and talented girl from singing her heart out on stage.

Hannah's bodyguard, Roxy, always has her back (even when Miley wishes she wouldn't - like on a date!). You might say Roxy is her guardian angel...

IN

CONCERT

Who's Your Guardian Angel?

We all have special people in our lives who help us when we need it. Who's yours?

A GUARDIAN ANGEL PROTECTS YOU FROM DANGER - LIKE THE SECRET SERVICE AGENTS WHO GUARD THE U.S. PRESIDENT.

HANNAH'S BODYGUARD, ROXY!

ROXY MAKES SURE THAT BOYS DON'T GET TOO CLOSE TO MILEY OR HANNAH!

ROXY KEPT MILEY FROM CHOOSING THE WRONG HANNAH WIG - THANK GOODNESS SHE WAS THERE!

TIP

Talk to someone who needs cheering up or offer to help a friend with her homework.

ANGELS IN DISGUISE

Not all angels are obvious! Maybe your secret helper is a friend, a relative, or a teacher. To find out, think of a person in your life and check off "yes" or "no" to the following questions:

- 1 Does he/she tell you (nicely) when you're having a bad hair day?YES-NO
- 2 Would he/she bring you ice cream and help you study for a mid-term that you're nervous about?YES-NO
- 3 Does he/she always know the right thing to say to lift your spirits? ...YES-NO
- 4 Is he/she the first person you call when you need to talk about a problem?YES-NO

The more "yes" answers you have, the more likely the person you're thinking of is a true guardian angel!

When Mitchel Musso auditioned for the part of Oliver Oken on "Hannah Montana", his character had to sneak through a window. He got down on the floor and used the producers' table as the window frame, so all they could see were his eyes peering up at them. That's when they knew he was their guy! He's a singer as well as an actor. His first video, "Lean on Me," premiered on Disney Channel and he sang a duet with Emily Osment called "If I Didn't Have You" on the CD Disneymania 6. He also likes to jam with his older brother Mason,

Some of them drive for hours to see you and you don't want to let them down.

What is your most outrageous fan moment?

A girl standing in line for my autograph fainted twice! My dad gave her some of his banana bread to bring her back around.

How has your life changed since you've been on Disney Channel?

I can walk into a children's hospital now and visit with the kids and it makes them so happy. It's one of the most rewarding things I do now, and I am very thankful for that.

What is your favorite childhood memory?

Meet Mitchel Musso!

who's the lead singer in a band called Metro Station. He's obviously a creative guy, so we were excited to sit down and talk to the very talented Mitchel Musso!

CHAT WITH MITCHEL

How much is your character, Oliver Oken, like you?

Oliver has great friends just like me.....but Oliver is a little more goofy than I am.

What is your favorite fan moment?

They are all very special. I don't like to hurry in a fan line. I really want to talk to each one of them.

All my best friends walking through Monkey Alley at night... Monkey Alley was a small alley near my home where we were all sure a monster lived.

If you could bring three things to a deserted island, what would they be?

My band, my cell phone with a million replaceable batteries and my laptop with an extension cord that was a million miles long so I could plug it in.

What is the best advice you've ever received? Who gave you this advice?

"Give 110 % and never look back"... by actress mom (Deirdre O'Connell) in the movie "Secondhand Lions."

What's your dream role?

Some kind of super hero or crime fighting duo... just me and Johnny Depp saving the world and a pretty girl who needs saving... that would be cool!

Where is the one place you'd like to be right now?

Home in Texas with my best friend, Kyle.

Where would you like to travel?

Hawaii.

What's your favorite place from all your travels?

I have been traveling a lot lately and the United States has many wonderful places... I couldn't pick a favorite!

If you could trade places with anyone in the world for one day, who would it be?

I'd sing lead for my brother Mason's band and Mason would play the part of Oliver on "Hannah Montana"... that would be very cool!

What's the first thing you reach for in the refrigerator?

Chocolate pie, if it's in there.

Do you have a favorite phrase or saying?

"PEACE-OUT!"

Thanks, Mitchel! It was fun chatting with you!

Use the smaller stencil for the t-shirt sleeve and the baseball cap.

3 - Stir the paint thoroughly, then apply the paint over the stencils. (Use the large brush to paint on the large stencil and the thin brush for the smaller stencils.) Paint the word "CREW" with the turquoise fabric paint and paint the guitar with the lilac paint.

4 - Let the paint dry.

5 - Follow the fabric paint instructions about setting the paint so that it's washable.

6 - Sew beads around the edges of the guitar.*

7 - Add some Hannah Montana buttons to the top of the bag to make it look even more authentic!

*Have an adult help you or ask for your parent's permission.

Oliver, if you want a ticket, all you have to do is ask me.

Then Oliver showed up...

Great. Can I have three? One for me and my two best friends? Oh wait, they'll already be there... backstage... where I've never been invited!

I feel super guilty!

You're not really thinking about this?

Why not? I understand you're maybe a little jealous, but...

Jealous? I'm not jealous.

Crash!

I just don't want you to be embarrassed. He's not as sophisticated as me!

Yep, she's definitely jealous!

I know this is my special thing with Lilly, but Oliver is my friend too, so...

CONCERT

When Hannah gets on stage, she has all the right moves to get the crowd on their feet and cheering! Here's how she does it.

Hey, Y'all!

Hannah strikes a friendly pose as she greets her audience.

Dancing on the stage is a good way to get the party started!

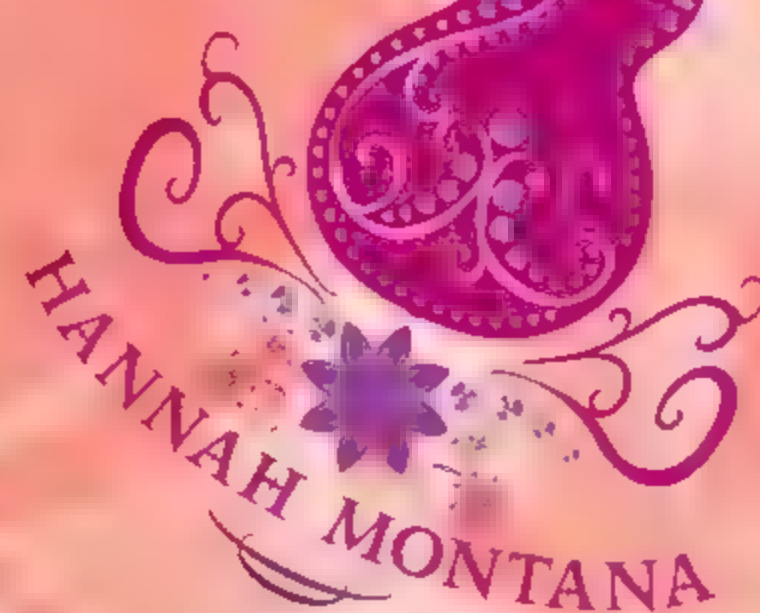

THE

CONCERT

's Cool Moves

Simple Soul

Sometimes singing directly to one person in the audience is the best way to make a connection.

Over the Shoulder

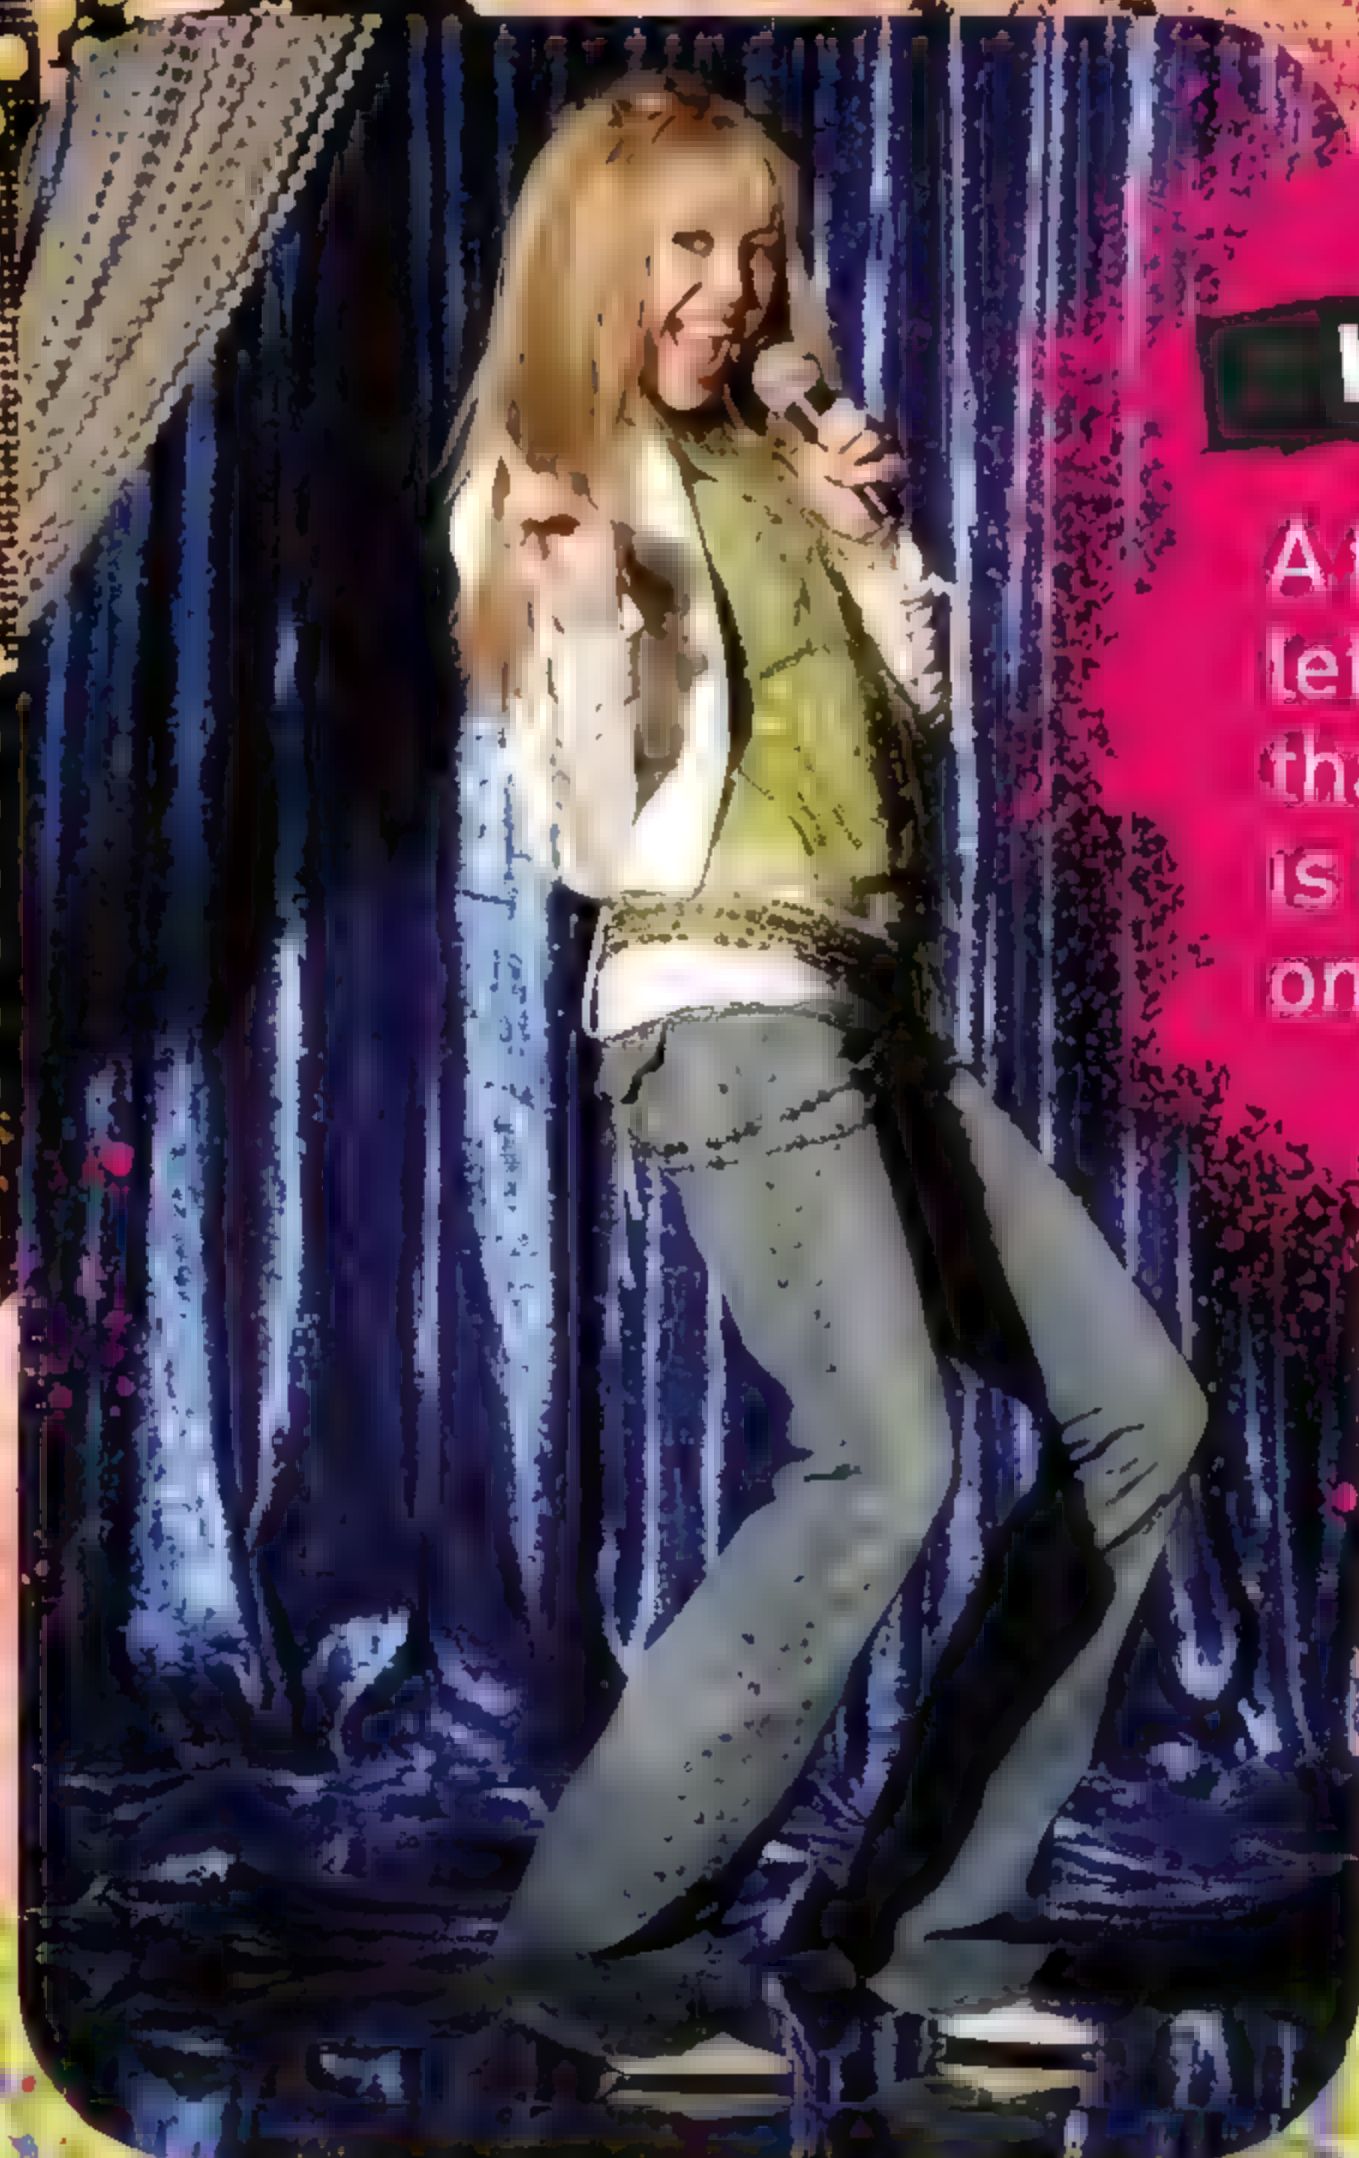

Turn and look at a different part of the audience! The crowd in that area will go wild!

Having Fun

A few playful moves lets everyone know that Hannah is having a blast on stage!

Feeling the Beat

That's not a deep knee bend - it's Hannah really getting into the lyrics of her song!

Your Signature Style!

Turn your signature into a star autograph!

Follow these steps to add style to your signature!
You'll learn how to make your signature into a super cool autograph – which you'll need when you become a star!
The secret is to exaggerate the way you sign your name now. Emphasize the flourishes you already use and you'll have a star signature to be proud of!

Let's use the name "Jessica" as an example. First, we'll write the name plainly with letters that are all about the same size.

Jessica

Now, let's replace the dot over the "i" with a little star. Let's also slant the letters so that they lean backwards a little bit. These slight changes will make the signature look more dynamic.

Jessica

Here's the next step: Make the star bigger, so that it becomes the symbol of the signature. Make the initial letter (in this case, a "j") larger, so that it seems to lead the eye toward the other letters. (Take a look at the example of capital letters on the next page. Then play around with your own initial letter to make it big and bold!)

Jessica

Take a look at your signature. Are there any letters you can emphasize to make your signature unique? (For example, in the name "Jessica," you may want to focus on the double "s.") Practice writing your name quickly, without lifting your pen from the paper. That will make it look dynamic and firm – the autograph of a star!

Jessica

Now that you've perfected the capital letter of your signature and played around with the way the smaller and larger letters work together, try adding a cute drawing to finish your autograph. Once you've found a little drawing you like, it will always appear in your signature, like a little logo!

Here's an example of what your signature could look like. But don't just copy it! Your signature represents you as an individual, so add flourishes inspired by your own personality. Try focusing on these three elements:

- The first letter of your name
- A symbol you've added or an emphasis on a double letter in your name
- Underlining your name with a flourish

Take a look at the examples below which show how to write initial letters with a flourish. Exaggerating the first letter of your name can add style; the following letters may be smaller, but they'll balance out your signature. And remember not to lift your pen from the paper (except when you're writing the first letter) when you're signing your autograph. Once you're finished, you can underline your name or add a little symbol, like a star.

Have fun!

WHO DOESN'T LOVE TO SPEND TIME WITH MUSIC

THAT EXPRESSES THE EMOTIONS WE FEEL?

A song can bring to mind a new crush (someone we hadn't been thinking about for, oh, three seconds!) or memories of a beach vacation with your BFF. Each Zodiac sign tends to gravitate towards a different kind of music. Check out your sign to see what your musical style is!

Cancer

June 23 - July 23

Mitchel Musso was born on July 9th, which makes him a Cancer!

People born under this sign love history and dream of living in the past.

That's why you enjoy the romantic songs of the 1960s. And even if you often forget the words, why get upset?

For you, what counts is creating a magic atmosphere of times gone by.

in concert

Gemini

May 22 - June 22

You're always happy when you can hear what the people around you are saying. Luckily, thanks to the backing of a bright and lively clarinet, you can create melodic pop sounds without missing out on others' chatter.

Aries

March 21 - April 20

Outrageous rock will help you burn off at least some of the inexhaustible energy that keeps you from standing still or being quiet for more than thirty seconds. And only an electric guitar can sustain the rhythm of your powerful vocal chords, which sometimes get so taut they feel like they're going to explode!

Taurus

April 21 - May 21

You love singing folk songs as you sit in a flowery meadow in the shade of a tall oak tree. As you strum on an acoustic guitar, you'll feel the music reach your heart, which is brimming with love for the calm countryside.

Libra

September 24 - October 23

You love to let loose by abandoning yourself to the overpowering drum beats. People will wonder where you get all that energy as you set each muscle of your body into motion. And let's not forget that touch of perfection lent by your classy vintage style!

Virgo

August 24 - September 23

Virgos are always there to smooth out wrinkles in the relationships between family members, friends and acquaintances. Your ideal musical instrument? The synthesizer, which blends a wide range of sounds to create truly unique melodies.

Leo

July 24 - August 23

When you come roaring out with hip-hop beats, the hypnotic sound of drums can be heard in the distance. Leos don't need a stage to give their very best - all it takes is a little free space and a circle of friends, and you're rockin' out!

Sagittarius

November 23 - December 22

Latch onto the first lines of a country song to get the feeling you're galloping across plains on the back of a colt who loves freedom and open spaces as much as you do. Since traveling light is your bag, the harmonica is the perfect instrument for you - it fits in your pocket!

Capricorn

December 23 - January 19

Capricorns enjoy playing with words and ideas. That's why your favorite musical artists are singer-songwriters. You have a gift for playing the piano. You can sit at the keyboard for hours, writing songs for the soundtrack of your life.

Scorpio

October 24 - November 22

The smooth rhythms of reggae music will make you feel as if you're in the Caribbean! You like to groove to this music because you can imagine yourself on the beach, listening to the waves and watching the sun set!

Aquarius

January 20 - February 19

You're the rap type and rapid-fire wordsmanship is your thing. This fast-paced style often expresses this sign's rebel spirit. It's no coincidence that you prefer a microphone to an instrument - because the important thing is make a racket, get noticed, and explain to all how to make the world a better place!

Pisces

February 20 - March 20

Your sign is the dreamiest one in the Zodiac. That's why you like New Age music. An added benefit is that you won't need to spend hours practicing. No matter how you tinkle the strings of the Indian sitar, no one around you will know enough about the instrument to criticize your sound!
